

sonder SOLUTIONS

Coronavirus Update and Information

March 11, 2020

Like every other organization in the Greater Sacramento Area, sonder SOLUTIONS is dedicated to the health and safety of our community. On March 3, we communicated an update and information email to address the COVID-19 (coronavirus) outbreak. Those recommendations are currently being utilized and may intensify if the outbreak and public health authorities publish new guidance.

Some aspects which affect our participant and students are listed below:

- For the month of March, there will be no gatherings at sonder SOLUTIONS larger than 50 people.**
- Participants and Students with appointments at sonder SOLUTIONS (including work-sites) who feel unwell are asked to reschedule their in person appointment or request a video/teleconference appointment.**
- Participants and Students may receive a telephone call prior to appointments inquiring about whether they show any symptoms of the coronavirus.**
- Meetings will be arranged so seating is far more distant, and the room density is lowered to maintain social distancing guidelines.**

- Sonder SOLUTIONS' staff are encouraged to facilitate and join meetings remotely to lower contact potential. Consequently, our offices may be emptier than usual.
- Sonder SOLUTIONS has cancelled all non-essential meeting travel for its employees to lower the chance of bringing exposure back.
- These and other measures guided by advice from the CDC and Sacramento Department of Public Health will help us conform to the latest public health guidance about the epidemic.

Finally, we want all program participants and students to know that we remain open for small meetings, trainings and community groups. We will do our very best to accommodate the public health requirements while continuing to serve those who benefit from our services.
